

Battery powered lifting trolley

Project _____
Articel _____
Quantity _____
FCSI Section _____
Autorisation _____
Date _____

Construction:

- Material AISI 304
- Sanitary wheels with locks
- Easy removal of GN
- Safety handle
- Touch operation
- Safety locking of the charging cable
- Possibility of mobile use without a permanent electricity connection

Technical details:

GN capacity: 1 x GN 1/1 200
Dimensions (WxDxH): 600 x 780 x 990 mm
Weight: 40 kg
Lifting from-till: 400–750 mm

Operation:

Voltage: 230 V 50Hz
Power connected load: 300 W
Fuse: 10 A

Distributor:

Welbilt Deutschland GmbH
Talstraße 35, 82436 Eglfing, Germany

Tel: +49(0)8847 67-0
Fax: +49(0)8847 414
