Blender KM

MAXIMUM VOLUME AND PERFECT PROCESSING
With a capacity of up to 4 liters, the professional KM jars are among the largest in their class. Thanks to the unique shape, the mixture is guided specifically to the blades – for particularly fast and fine processing.

POLYCARBONATE & STAINLESS STEEL JARS
Available in 2 liters or 4 liters.

EASY CLEANING AND DISHWASHER SAFE
The blender jar can be easily disassembled without tools for hygienic cleaning. Both the jar and the lid are dishwasher safe.

STAINLESS STEEL KNIVES
The powerful HP6 knife crushes even ice cubes and ensures fine, fast processing. The gentle BB4 knife is available specifically for stirring and pureeing.

HIGH QUALITY, POWERFUL & DURABLE
The latest technology from Germany and Switzerland allows for stepless speed regulation from 1,000 to 15,000 RPM.

Polymer 2 L und 4 L
Break-proof, handy, transparent, stackable (2 L), with measuring scale

Stainless Steel 2 L and 4 L
Robust, meets highest demands on hygiene, durability and optics

KNIFE HEADS
Can be replaced without tools and made from high-quality stainless steel

High Power 6 (HP6)
Knife head for intensive, very fine and fast processing, also crushes ice cubes. For most applications.

Bar Blender (BB4)
Knife head for gentle stirring and pureeing.

Whipping Disc (SB):
Robust, meets highest demands on hygiene...
